

Medical Treatments Management *Providing Global Health Care*

Global Health Care Benefits in a Corporate Health Coverage Plan

U.S. 1-800-870-6059

Medical Treatments Management

Is a premier provider of medical facilitation services to quality surgical centers around the world. By providing options for health care excellence at significantly lower prices, MTM operationalizes our vision:

“To provide alternative Health Care choices and options, with an emphasis on service, that is consumer driven, compassionate and provided by a Health Team of specialty Physicians and Health Care Professionals.”

MTM offers a domestic and international network of providers that serve Consumer Directed Health Care Plans - **CDHP** and **health benefit plans for insurance carriers**, employers, third party administrators, individuals accessing benefits via voluntary benefit plans and the individual consumer seeking medical travel for Global Health Care options.

MTM's Global Health Care Program can provide self insured companies with significant savings by adding a medical travel component to their existing health care benefit plan. Contact our Corporate Business Development Group for additional information on our Global Health Care Program and how your organization can access lower costs and achieve **greater benefits**.
